LETTER | GREENE COUNTY RESOLUTION 331-26

Emailed October 22, 2026 by Scott Urbin, owner, Hudson Valley Botanicals LLC, to Chairman Patrick S. Linger and the members of the Greene County Legislature. Resolution 331-26, adopted October 21, 2026, supports State bill S8925-A and urges the Governor to sign it.

Chairman Linger and members of the Legislature,

My name is Scott Urbin. I own Hudson Valley Botanicals, a kratom company in Poughkeepsie that sells leaf powder and capsules, so I have a financial stake in how New York regulates kratom.

Thank you for adopting Resolution 331-26 in support of S8925-A. Its 7-OH limits are the same ones Dutchess County adopted in its own local law this year.

S8925-A hasn't been sent to the Governor yet, so she hasn't acted on it. Would the Legislature send a copy of Resolution 331-26 to the Governor's office, if it hasn't already?

Thank you, Scott Urbin | Owner, Hudson Valley Botanicals LLC | Poughkeepsie, NY
